SENTENCE OF DEATH.

Americans to Be Shot by Spanish Soldiers in Cuba.

IT MAY LEAD TO A WAR.

The United States Has Intervened in Behalf of the Americans and So Has Great Britain For Her Subjects—A Famine Threatened—Spanish Butchery—Other Cuban War News.

HAVANA, May 11.—The courtmartial trial of the men captured on board the schooner Competitor has ended in the approval of the death sentence in the case of Alfredo Laborde of New Orleans, who is classed as the leader of a filibustering expedition; Dr. Elias Bedia, also claiming American citizenship; Owen Milton of Kansas, William Gilder, said to be a British subject, and Theodore Maza, a Cuban.

Captain Lutz acted as president of the court, which consisted of nine other military and naval officers. All the accused pleaded not guilty. Several witnesses admitted that when the men were captured they were not armed and offered no resistance. Despite this fact, however, the prosecutor, Lieutenant Suarez, asked the court martial to convict the prisoners of filibustering and to impose the death sentence upon all of them.

Counsel for the defense made a long review of the evidence and demanded the acquittal of Maza. He argued eloquently against the others being sentenced to death, and declared that the evidence showed that mercy should be extended to them.

The schooner Competitor was on a filibustering expedition when overhauled and captured by a Spanish cruiser. An American newspaper man, who was also captured, was released. The Kansas boy, Owen Milton, is but 20 years of age. He was graduated from a normal school in that state.

The Spanish government at Madrid has been asked to approve of the death sentences rendered by the courtmartial. This places the fate of the men in the hands of the authorities at Madrid, and insures that they will not be executed without an order from the Spanish government.

The question of the execution of the captives of the Competitor is recognized to be one of the most important which has occurred since the insurrection broke out. Now that the question has been referred to the government at Madrid, the situation here has quieted down, though there is no cessation of interest and discussion of the question. The attitude of the public is one of rather waiting on the Madrid government. The waiting is attended by much impatience and no little anxiety.

It has become known also that the British consul has also intervened in the name of his government on behalf of the competitor captives sentenced to death. He invokes clemency for the prisoners. This action of the British government in the case has caused a sensation here, and it has been the topic of comment by all social classes in the community.

It will be difficult to say from any admissions made in any quarters what effect this new development will have on the case. There is a marked absence of irritability manifested in the comments on the subject and the action of the British official seems to have been taken in very good part. It is pointed out that the intervention of the British consul is conceded in very different form from that of the United States consul general, and is in fact, expressed in very friendly terms, invoking the clemency of the Cuban authorities.

WE MAY INTERFERE.

An Attempt to Misconstrue American Treaty Rights May Be Rebuked.

WASHINGTON, May 11.—The impression prevails that the proceedings of the Spanish courtmartial must be submitted to the council of ministers at Madrid. United States Consul General Williams, at Havana, will aid the prisoners in all proper ways. Our department is not disposed to accept as final by any means the construction given by the courtmartial to the Cushing protocol, upon which depends the safety of so many American citizens in Cuba.

The Spanish authorities, in answer to Mr. Williams' demand that the Americans under arrest be granted the privileges assured by the protocol, held that the protocol did not include persons captured under such conditions as were these, but applies only to American citizens resident in Cuba. This is the literal wording of the protocol, but it is held here that this construction is extremely technical and narrow, and it will not be accepted without remonstrance by our government.

SPAIN COMES DOWN.

The Prisoners Will Not Be Executed Until the United States Is Satisfied.

LONDON, May 11.—The Madrid correspondent of The Standard says: "Senor Canovas del Castillo has publicly stated that America has not protested against Spain's right to punish filibusters, but only against the summary trial. American citizens are entitled to be tried in the civil courts under the treaties of 1795 and 1877. The Spanish government is willing to consider the demand, and has cabled to Captain General Weyler to delay the executions pending the result of negotiations which are actively proceeding between Washington and Madrid to define the interpretation of the aforesaid treaties."

define the interpretation of the aforesaid treaties.

"Senor Canovas made a long speech at a meeting of Conservative senators and deputies on Saturday evening, in which he declared that this was a national question which must be settled with the assistance of all the parties. He declared that it was impossible to introduce reforms into Cuba before the situation there should resume its normal condition. He confessed his belief that war alone would fail to terminate the insurrection, but he believed that the insurgents would become discouraged and that racial hatred would contribute largely to cause a cessation of hostilities. If, however, the premier went on, public opinion in Spain should pronounce for a more radical and quicker introduction of colonial home rule, the conservative government and party would willingly resign the direction of affairs to the hands of those consenting to assume such responsibility."

"The Epoca (the government organ), in guarded language, recommends prudence and deprecates demonstrations. It clearly intimates that the government will make another effort to conciliate President Cleveland by ordering General Weyler to send all the papers bearing on the case here for the supreme court to pass upon. The execution of the sentences would thus be virtually shelved."

"The rest of the Madrid press are unanimous in the opinion that America has taken an ungenerous and unjustifiable advantage of Spain's difficulties."

A dispatch from Havana confirms the report that Captain General Weyler has threatened to resign his post unless the sentences are executed.

Senor Canovas del Castillo, the premier, being asked for an expression of his opinion regarding the matter, said: "The affair must be settled in accordance with the law and existing treaties."

SUFFERINGS OF WAR.

Destruction of Crops Threatens Cuba With Almost a Famine.

HAVANA, May 11.—The condition of Havana is deplorable. Important business houses are closing every week; others are threatening to close, reducing their forces, cutting down the salaries of those who remain, while the prices of living, always high here, are constantly increasing.

The great cigar and cigarette houses are holding down their orders as much as possible, as there is not enough leaf tobacco in sight to carry them through the summer. Antonio Maceo's destructive campaign in the Vuelta Abajo will ultimately compel many factories to suspend and deprive thousands of families of their means of support.

Smallpox has increased in Havana, recently. The health of the soldiers massed along the Trocha is bad.

Butchered by Spaniards.

AUGUSTA, Ga., May 11.—George Forbes, one of the private secretaries of Cisneros, the president of the Cuban republic, is in the hospital here, having arrived in a forlorn condition a few days ago. He said: "In my position I received official communication concerning all the atrocities committed by the Spaniards, and I have had 50 accounts in one day of families annihilated." Forbes fled to escape capture.

Still Another Outrage.

HAVANA, May 11.—James Creelman, correspondent of the New York World, and Frederick W. Lawrence, correspondent of the New York Journal, who were ordered by the authorities to leave the island for having sent dispatches to their papers offensive to the government, sailed for New York yesterday on board the Ward line steamship Segura.

Filibuster Escapes a Cruiser.

KINGSTON, Jamaica, May 11.—Cuban residents have received advices announcing the safe arrival in Cuba of an expedition in aid of the insurgents, which recently left the island. The vessel conveying the expedition was chased by a Spanish cruiser, and compelled to land her men and cargo in the vicinity of an encampment of government troops.

MYSTERIOUS DEATH.

A Woman Arrested Charged With Drunkenness Which May Be Changed.

CLEVELAND, May 11.—The police are investigating the death of Alexander McKenzie, a bookkeeper for the Cleveland, Canton and Southern railroad, which occurred yesterday afternoon. McKenzie lived with his wife at 16 Wheller court. Yesterday morning he complained of a headache and his wife made him a cup of tea, which he drank. Soon afterward he became very ill. A physician was called and he declared that McKenzie was suffering from the effects of morphine. Sulphate of zinc was prescribed as an antidote. Mrs. McKenzie procured the medicine.

The diluted sulphate of zinc filled a two-ounce bottle. One teaspoonful every two hours was prescribed as a dose. A neighbor who was present says Mrs. McKenzie was intoxicated and that she gave her husband all of the medicine at one dose. Two hours later he died. When the police arrived at the house they found Mrs. McKenzie in bed with the body of her husband. She was arrested on the charge of drunkenness and will be held to await the result of the coroner's inquest. The police say Mrs. McKenzie was released from the penitentiary only three weeks ago after serving a sentence for bigamy, of which she was convicted in Ashland county, this state.

Francis Agnew, a well known contractor and prominent citizen of Chicago died Saturday night at his residence in that city of Bright's disease.

METHODISTS' DOINGS

Cleveland Conference Has a Great Deal to Do.

ONE WEEK ALREADY GONE.

Over \$600,000 Loaned to Theological Students, and Only \$50,000 Returned.

North and South Conference May Come Together—Sympathy For the Cuban Patriots—Sunday a Quiet Day in Cleveland.

CLEVELAND, May 11.—Saturday's proceedings of the Methodist Episcopal general conference developed no sensations. There was a brief reference to the proposed federation of the churches north and south, and a resolution was introduced asking for equal representation for the laymen.

At the meeting of the committee on education, following the adjournment of the conference, consternation was caused by the reading of a report to the effect that funds to the amount of more than \$600,000 had been loaned to students during the past 23 years, and that only about \$50,000 of that sum had been repaid. The report precipitated a lively discussion, and a subcommittee of five was appointed to investigate the matter fully.

A resolution was introduced by Merritt Hurlburt of the Wilmington conference, recommending the senate and the house of representatives to so amend the constitution that it might recognize the deity, and in the preamble insert the words "trusting in God." It was placed upon its passage, but finally referred to the committee on state of the church.

Secretary Monroe read a communication from the secretary of the M. E. conference, South, which met in May, 1894, regarding the matter of federation of the two bodies. It was decided that no action should be taken by the conference until official notification was served. The movement may result in the consolidation of two of the great Methodist bodies of the country.

Dr. Broadbeck read a report on the reception of pastors from other denominations into the Methodist church. The resolution referred to a special case in Germany, where a union with the German Wesleyans desire to incorporate with the M. E. church. The resolution was unanimously adopted.

Dr. Stevenson of Kentucky introduced a resolution of sympathy for Cuba, which was adopted.

The conference passed a resolution condemning a recent enactment of the Florida legislature whereby it was made illegal in that state for colored children and white children to receive instruction in the same school.

The convention then adjourned for the week.

The religious services at the armory yesterday consisted of a sermon by Rev. Crawford Johnson, fraternal delegate from the church in Ireland. The visiting ministers supplied pulpits in nearly all the Protestant churches of Cleveland and many of the surrounding towns.

OATMEAL CRASH.

Ferdinand Schumacher Assigns With Liabilities of \$1,500,000.

AKRON, O., May 11.—Ferdinand Schumacher of Chicago, the president of the American Cereal company, and commonly called the "Oatmeal King," who until three years ago was a resident of this city, assigned at 4 o'clock Saturday afternoon to Johnson A. Arbest and Hugo Schumacher, Esq., of this city. The property assigned consists of \$1,100,000 worth of stock in the American Cereal company, a vast amount of real estate in this city and surrounding country, and other stocks and bonds amounting to a total of \$2,000,000. The liabilities, as given by Mr. Schumacher's attorneys, amount to about \$1,500,000.

The attorneys say that if this property is not put to a forced sale all creditors will be paid in full. The assignment was fully voluntary, and was caused by obligations which were due in May amounting to \$200,000. Most of this paper could be renewed, and Mr. Schumacher was not able to meet the notes. This paper is supplemented by \$600,000, all of which is held by various banks throughout the country—mostly in Cleveland and Massachusetts.

The cause of Mr. Schumacher's losses is given by his representatives here to be due largely to unfortunate investments at Marseilles, Ills. They say that if he could recover what he has lost in the Illinois River Paper company and the Marseilles Land and Water Power company he could meet his obligations in full. The Schumacher Gymnasium company, capital stock \$50,000, of which Mr. Schumacher is president, also made an assignment. No other Akron concerns will be affected.

Other Failures Follow.

OTTAWA, Ills., May 11.—The Marseilles Land and Water Power company and the Illinois River Paper company, owning property at Marseilles valued at \$750,000, assigned Saturday to Hugo Schumacher and J. A. Arbogast of Akron, O. This assignment is practically made by Ferdinand Schumacher, the Akron (O.) millionaire, who made an assignment of all his Ohio interests Saturday at Akron. He has been owner of a heavy majority of the stock of the Marseilles concerns for several years. His attorney, Clarence Briggs, says the two concerns do not owe heavy amounts but were forced to assign on account of the Akron failure. They will pay dollar for dollar.

Sir John Millais, president of the Royal academy of London, is reported to be suffering from cancer of the throat.

READY FOR THE ARGUMENT.

The Scott Jackson Murder Trial Nearing the Jury.

CINCINNATI, May 11.—The third week of the trial of the of Scott Jackson for the alleged murder of Pearl Bryan ended Saturday night, with the close of the 17th day of the hearing. The jury is still uninstructed, and the arguments of the attorneys, which were to have begun Saturday morning, have not yet been reached.

Judge Helm submitted the copies of the instructions he had prepared for the jury to Colonel Crawford, and said he was prepared to hear any arguments which either side cared to make. Colonel Crawford responded. His principal fight was to have inserted an instruction for a verdict of manslaughter, if the jury found the evidence showed certain conditions, and in this he was successful. The great portion of his argument was based on the theory that the defendant might have given the victim a drug in Ohio to produce abortion which put her in such a condition that he confidently believed death had ensued, and believing her in such a condition, carried her body to Kentucky and for the purpose of concealing her identity, decapitated her body.

It was after 4 o'clock when Colonel Crawford concluded his argument of his motion to instruct, and the court announced he would hear the prosecution. Colonel Nelson rose and dramatically announced that he desired to offer a few suggestions, after which his connection with the case would probably cease. He argued that the evidence introduced warranted but three instructions—that if the evidence warranted the belief that the defendant wilfully, feloniously, and with malice aforethought, caused the death of Pearl Bryan by cutting off her head in Kentucky, he should be found guilty; if it warranted the belief that he had aided and abetted, being then and there present, he should likewise be found guilty as charged; and third, if the evidence did not so warrant, and there appeared a remarkable doubt of the prisoner's guilt, he should be acquitted.

The court then surprised everybody by announcing that the instructions would be withheld from the jury until Monday. He requested the instructions which had been in the hands of the attorneys returned to the court, and said he did not desire them given out for publication until they had been read to the jury. Court adjourned for the day at 4:40.

FIRE IN ST. LOUIS.

Eight Firemen Injured, One of Them Fatally, by a Falling Wall.

ST. LOUIS, May 11.—A fire was discovered in the rear of the Metropolitan restaurant, which occupies a 3-story building at 32 Olive street, at 1 o'clock this morning. Before the firemen could get to work the flames spread throughout the building and soon destroyed it. Jefferson Gardner, a cook, rooming on the third floor, had a narrow escape. He was badly burned about the face.

The eight firemen were injured by the front wall falling upon them. They were taken in ambulances to the city hospital. Adolph Hunt, a fireman, foreman of one of the companies, had his back broken, and the others were injured less seriously. Their names are:

Dan Steel, Mike Tehoe, John Cronin, Harry Briggs, McDonald, Webber, Callahan.

The firemen got the fire under control by 2 o'clock. It was confined to the restaurant entirely. For a long time the fire, a 10-story office building adjoining, was threatened, but hard work by the firemen saved it. The loss is estimated at \$75,000.

EQUIPPED FOR WAR.

Rebel Party in Samoa Continues to Menace the Government.

SAN FRANCISCO, May 11.—The steamer Monowai brings the following advices from Samoa under date of April 23:

The rebel party continues to menace the government, and is equipped for war, having succeeded in importing a supply of arms and ammunition. The king is anxious to obtain arms for the government party, but the consuls vetoed his proposition, believing an uprising can be prevented by watchfulness. The natives have been greatly excited over a false rumor that Matafa and his fellow-exiles were to be returned to Samoa.

At a large native tuloos on April 18 a quarrel regarding precedence occurred, resulting in the killing of seven natives and the serious wounding of five others. It is reported in Fiji that a British company is being formed to purchase the German interests in Tonga and Samoa.

IN TRIUMPH.

How President Zelaya of Nicaragua Entered the City of Leon.

NEW YORK, May 11.—A special to The Herald from Panama says:

President Zelaya, at the head of the Nicaraguan troops, has entered the city of Leon in triumph. The Herald's correspondent in Managua, who has joined the staff at Leon, sends word that the rebels before evacuating the city destroyed many public buildings and a great deal of property.

The insurrectionists also destroyed the municipal archives, torturing several prominent citizens, and extorted money from partisans of President Zelaya. Many arrests were made by government troops.

General Benjamin Ruiz, a colonel, has been appointed commander-in-chief of the forces and prefect of Leon.

BUT LITTLE YET TO DO

Both Houses of Congress Preparing to Adjourn.

A FORECAST FOR THE WEEK.

The River and Harbor Bill The First on the Senate Calendar—The Dupont Senatorial Contest Will Also Be Disposed Of. Cuban Affairs May Also Be Considered. Program of Both Houses.

WASHINGTON, May 11.—The probabilities are that the consideration of the river and harbor appropriation bill will be concluded in the senate today. According to agreement this bill will be followed by the resolution to send Mr. Dupont as a senator from Delaware. With the Dupont resolution disposed of, the bill making appropriations for the District of Columbia will be considered, and it probably will consume the remainder of the week.

Only the provision in the river and harbor bill for the construction of a breakwater at Santa Monica, Cal., remain to be acted upon. There will be several speeches on this question. After this it is expected that the vote on the amendment will be taken and that whatever the fate of this amendment, the bill will be promptly passed. It is not expected to remain long in conference, as there is a disposition manifest in both houses to get the bill to the president as early a date as practicable. This is due to the fear of a veto and to the determination to remain in session long enough to give congress time to act in case of such adverse endorsement by the president.

The agreement in regard to the Dupont case is that it shall be taken up for debate immediately after the disposal of the river and harbor bill and that a vote shall be taken not later than 5 o'clock of the second day after the debate begins. It is doubtful whether the entire time allowed for debate will be required. The result of the vote is still in doubt. It depends upon one or two Populist senators who have not made their position known so far as can be ascertained.

There are several features in the district bill which are expected to arouse debate, but if it should be passed before the close of the week, the committee on appropriations will have the fortification appropriation bill ready to take up and press its consideration. There will, however, be strong pressure in that event to work on the calendar.

The Cuban situation as presented by the imposition of the death sentence upon the members of the Competitor party brings forward a decidedly interesting condition which may result in an attempt at action on this question by the senate during the week. In fact, the outlook in this direction is full of possibilities.

Program of the House.

WASHINGTON, May 11.—The indications are that the house will drift along for the remainder of the session, giving conference reports on the appropriation bills the right of way, and disposing of such incidental matters as it can. There is a good deal of pressure from certain quarters for the consideration of the Pacific railroad funding bill and the immigration bills, and while there is a probability that the latter may be considered at the session, the leaders in control seem to have set their faces against the funding bill for this session unless it is prolonged beyond present anticipations. The immigration bill can hardly come up this week as the chairman of the committee, Mr. Bartholdt, is at his home in St. Louis attending the state convention.

It is likely that the contested election cases of Thinks vs. Downing and Murray vs. Elliott, which were to have been considered last week, will, with such conference reports as are presented, occupy the remainder of the time.

It is not improbable that a resolution regarding the protection of the two Americans sentenced to death by the Spanish authorities at Havana may be presented and furnish the text for a reopening of a discussion of the entire Cuban situation.

ATE THEIR VICTIMS.

Natives on the Islands of Manning Straits Massacring Missionaries.

SAN FRANCISCO, May 11.—The steamer Monowai brings news of the wholesale massacre of traders and missionaries by natives of the islands of Manning Straits and the Solomons. Malayta savages butchered a whole boat's crew of men from the brig Rio Logo, at Rubiana, two French and one American trader being slaughtered. The mission on the island had been attacked and the missionaries escaped with difficulty, going back to Sydney by the first ship. The murders on the islands of Manning Straits were followed by acts of cannibalism.

A small trading schooner owned by a French trader, was attacked and the owner and his American assistant and eight peaceful natives were lured ashore and beaten to death, and the trading station was sacked. Two English missionaries are missing, and it is supposed they were also murdered. The mission on Tonnau island has been abandoned as the result of the atrocities.

SAN FRANCISCO, May 11.—The Vulcan iron works were destroyed by fire yesterday. The loss is estimated at \$100,000 with \$31,000 insurance. The fire communicated to the third floor of the Reliance machine works, damaging the building slightly and destroyed considerable stock. The loss of the Reliance company is more than covered by the \$25,000 insurance on the plant.

Is the platform of the New York Republicans there is a demand for "a conservative protective tariff." Ohio Republicans call it "a snub to the McKinley tariff."

The initial issue of the Millersburg Journal is at hand. Mr. M. O. Wilson, of Aberdeen, is editor and proprietor. Mart has several years' experience at the business and gives his patrons a good, newsy paper. Success to him.

The free-silver club which was organized at Nicholasville a week ago as the result of Hon. P. Wat Hardin's speech advertised a big meeting, to be held Saturday. There were eighteen persons present. The free silverites will have to do better than this if they expect to make a showing in Kentucky.

A sign of the enormous growth of the bicycle trade is the recent sale of the Dunlop Pneumatic Tire Company's property in Dublin for \$15,000,000. When first formed a few years ago the company's capital was \$112,500; it was subsequently increased to \$520,000. The shareholders have received \$3,295,615 in dividends and premiums, and will receive \$14,437,500 more from the proceeds of the sale.

SENATOR TELLER recently, in a speech on the floor of that body, admitted that the McKinley tariff law and the Sherman silver purchase law were put on the statute books in compliance with the terms of a corrupt trade whereby the far Western wing of the Republican party in Congress voted to permit the manufacturers to tax the people as high as they wanted to on condition that the miners be given the privilege of selling the Government 4,500,000 ounces of silver every month. As the Sherman silver purchase law started our present financial troubles, it is easy now to place the blame for the "hard times" where it belongs.

The New York World remarks there are about 250,000 liquor dealers in the United States. An addition of \$5 to the internal-revenue license of each would yield \$1,250,000 a year of additional revenue. There are 21,293,124 gallons of wine and spirits consumed annually in the country. An addition of 10 cents a gallon to the tax would yield a revenue of \$2,129,312.40. There are 1,036,319,222 gallons of beer drunk in the United States every year. An extra tax of 5 cents a gallon, which would not add at all to the retail price, would yield a revenue of \$51,815,961 a year. "The Government needs the money. Every cent paid in such taxes would go into the Treasury, which is not true of any tariff levy," says the Georgetown News-Democrat. "Such taxes would not lay any burden whatever upon consumption. They would not add 1 cent to any man's expenditures for the necessities of life. They would make good the revenue deficiency and provide amply for the fortification and arming of our coasts. Why should not Congress levy some such taxes as these?"

ABERDEEN'S SCHOOL BOARD.

Is It a Legal One?—Some Points on the Subject by Thomas P. Walter.

Has Aberdeen a legal School Board? Since the recent emphasis of Section 1717 of the laws of Ohio by the Attorney General many of the villages and towns of the State have been compelled to answer the above question concerning themselves in the negative. Together with West Union and Georgetown, our citizens are anxious that its corporate affairs shall have full legal sanction because transacted by a body having legal recognition.

The section referred to "declares that no member of Council shall be eligible to any other office, or to a position on any board, provided for in this title, or created by law, or ordinance of Council."

By some oversight or otherwise there happens to be a member of our Council who is likewise a member of the School Board. The law here is plain.

A person who is ineligible, that is without any legal personality, cannot be elected. If even he received a majority of votes, the person having no legal claim to them cannot possess them. Hence he remains without office.

Having no office to resign, resignation is unnecessary. Having by mistake entered the wrong man's house, a polite exit settles matters most easily. Mistakes even in law will occur. Let speed be used to rectify them. The law is plain. The interpretation is easy. "No member of Council shall be eligible to any other office, &c."

What shall be done to make the Board a legal body? Order a new election? By no means. Section 3903 of school laws explains the way out. "The Board of Education except in cities of the first class, second grade, may fill all vacancies that occur on the board until the next annual election." May we not appeal to one and all that justice, indicated by a simple statute, shall dominate?

Fickle Fashion's New-found Fad!

Linen's the Thing. Linen shades and linen fabrics will line the streets this summer. It's the most sensible fad the summer girl has found. Linen spread in everything, plain Linen Colors, Linen Stripes, Linen Dots, Linen Organdies, Linen Lawns, Linen Dimities and so on through a stock of beautiful Wash Goods. Persian Patterns, Printed Warps and Dresden designs, come close to the Linen fad in popularity—hard to say which leads.

Dimities hold their own. This fabric was never shown in more beautiful colorings.—Dresden, Persian and warp effects without end. For \$1, 10, 12½, 15, 18, 20, 25.

Jaconets.—Plain colors, stripes, small figures, Dresden and Persian patterns and linen shades, 12½.

Leno Tulle.—Entirely new. Light sheer fabric, not too open, between a lattice and plain cloth, comes in choice, delicate Organdy styles and Persian and linen shades, 15 a yard.

Organdy Raye.—Another of the new and beautiful fabrics, elastic finish, firm texture, patterns especially adapted for children's wear, 15 a yard.

Lace Stripe a novelty, with lace effect running lengthwise between stripes of ¼ to 1½ inches, worn in light blue, pink, linen and other color combinations, 15 a yard.

Organdies.—Go from the silk to the Organdy pile and you will find the same designs and colors. In both, the Dresden, Persian and printed warp prevail, 32-in. width, for 15 and 18 cts.; 33-in. fine French Imported Organdy, best the market contains, very sheer weave, new designs, 29c.

Corded Mull.—32 inches wide, new, sheer fabric, elastic finish, with a Dimity cord which adds to its firmness, 15c a yard.

Printed Madras.—A soft, delicate material, Persian patterns in light and dark shades, most desirable for shirt waists, 10 a yard.

Princess Weave, with Bourette and Dimity cord running through, which give firmness and that dressy effect so desired. Comes in new Persian and linen shades, especially used just now for waists, 25 a yard.

Bread,
Candies and Fruits!

Fruit, Fruit.

The Fruit season of 1896 is close at hand and I have perfected arrangements with some of the largest and most successful Fruit growers of the Ohio River hills to handle their entire crop of

Strawberries,
Raspberries,
Blackberries,
Peaches, Etc.

This fruit is grown on the elevated lands, principally in Lewis County, by growers of long experience, and will be much superior to any grown on the low or flat lands. It will be received by express and placed on the market here on the same day it is gathered, and will be furnished to dealers and consumers in first-class condition. Special prices always given to dealers, so as to enable them to sell at same prices I sell to consumers and make fair profits.

My Supply of Vegetables

will also be at all times full and of very best quality, and lowest prices. A special invitation is extended country people to make my house their headquarters when in our city.

BOB FARRELL.

Calvert's Murderer Says He Was in a Plot to Assassinate Abraham Lincoln.

[Louisville Post.]

FRANKFORT, Ky., May 9.—Bob Farrell, the Mason County convict who was sent up about ten years ago for the murder of Thomas Calvert, a wealthy and prominent Mason County man, is thought to be fatally ill at the penitentiary.

Farrell is a Canadian by birth, and according to his story is the son of prominent parents. He was at Washington when Lincoln was assassinated, and claims to have been in a plot to assassinate him the day before Booth committed the deed. It was arranged, says Farrell, to shoot the President in his carriage, but he did not drive out that evening, and before another opportunity could present itself the assassination occurred by Booth's hands. Farrell says he remained at Washington and took deep interest in the trial of the confederates of Booth, but was never suspected or implicated in the plot.

He came to this State afterwards and lived at Maysville, where he was widely known as a horse jockey. He killed Calvert and was sent up for life.

FRANKFORT, Ky., May 9.—A big delegation of Maysville people, has been here recently urging the pardon of Bob Farrell, a somewhat noted inmate of the penitentiary, who is thought to be dying and who dreads the idea of death within the prison walls. A strong protest against Farrell's pardon is being made by prominent Maysville people who think his crime was a heinous one, and who refuse to believe he is as sick as is reported.

INCENDIARIES destroyed a barn on the farm of S. Bivins, near Vanceburg Saturday. A fine stallion perished in the fire.

At Winchester Saturday evening Oscar Weaver shot and probably fatally wounded James Case. Weaver had called on Case's sister, and was ordered out of the house.

THE Chesapeake and Ohio earned \$815,211 in April, an increase of \$70,833 over the same period of last year. Since July 1 the road has earned \$8,522,989, an increase of \$639,283.

BALLENGER can not enumerate or do justice to the variety, quality and style of his goods, and must ask you all to call and see his splendid display. He shall then take pleasure in quoting you some close prices which will make his goods doubly attractive.

THE annual commencement of Hayswood Seminary will be held at Washington Opera House June 4th. The following young ladies compose the senior class: Misses Bessie E. Allison, Helen Gray Barkley, Vinetta B. Smith, Jessie A. Allison, Mary J. Noyes, Mary M. Wood.

MR. R. B. LOVELL, the leading grocer, received his first shipment of home-grown strawberries Saturday morning. They were from Lindsay, the well-known Lewis County fruit and berry raiser, and were ten days earlier than ever before. Their early maturity is due to the remarkably warm weather the past month or so.

REPRESENTATIVE PUGH has secured the passage of a bill through the House to reimburse H. C. Herndon, of Catlettsburg, \$204.30, a sum of money stolen from him while Deputy Collector in 1892. Herndon had collected the money from distillers in Lawrence and other counties and mailed it to the Collector in a registered letter.

CAPT. JOHN C. HERNDON, of the Bradley-Gilbert Company, well-known in Maysville, has received a commission from Gov. Bradley as a commissioner from Kentucky to the Tennessee Exposition, to be held next year. The other commissioners appointed by the Governor are: A. G. Lovell, of Mt. Vernon; F. W. Spears, of Louisville; Mrs. Josephine K. Henry, of Versailles; Mrs. Mary Cecil Cantrell, of Georgetown.

IN the Circuit Court at Georgetown, Ky., Saturday in the case of J. B. Powell, charged with rape, the female witness now living in Ohio or Indiana refused to attend, and there being no chance of conviction without her testimony, the case was filed away with leave to reinstate on docket. Bail of defendant was discharged and the jury trustee ordered to return \$300 deposited in lieu of bail bond. Powell was an insurance agent. In October last he was arrested at the instance of Lexington authorities, charged with abducting Rosa McClelland, a sixteen-year-old daughter of Albert McClelland, of Lexington. The charge was changed to rape. At the examining trial Powell was sent to jail without bail. The case was called at the February term, but the McClelland family had moved from Lexington.

WILLIAM E. BLYTHE, aged thirty-six, and Mrs. Millie J. Kirk, aged twenty-six, were married yesterday at home of John Kirk in Minerva precinct. It was the second marriage of both bride and groom.

HON. W. M. MOORE, late Speaker of the State House of Representatives, and one of the most popular Democrats in Harrison County, is spoken of as a candidate for the Democratic nomination for Congress.

Books are now open for subscription to stock in the sixth series of the People's Building Association, commencing May 2, 1896. Call on Robert L. Baldwin, Secretary, John Duley, Treasurer, or any of the directors.

FLORENCE WOOD, of Mt. Olivet, State Secretary of the Junior Prohibition League of Kentucky, has received word that the State convention, which was to be held at Blue Lick Springs June 3, has been changed to September 22.

GOVERNOR BRADLEY has appointed as Trustees of the House of Reform, provided for at the late Legislature, the following persons: W. P. Walton, of Stanford; B. P. Conway, Mrs. Nellie G. Cheatham, of Louisville; Mrs. Louisa Yandell, of Lexington, and Mrs. Charles Henry, of Richmond.

MR. PATRICK WALTON's tobacco barn, south of Washington, burned Friday night about 11 o'clock, with all his tobacco, about 300 bushels of corn, together with a lot of harness, gear, buggy and farming implements. His sons were in the building at 9 o'clock, turning out the horses, and there was no sign of fire. He hadn't any insurance.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

POLITICS IN GREENUP.

The Candidacy of Colonel W. LaRue Thomas Meeting With Much Favor.

GREENUP, Ky., May 8.—It is the general belief at present that the delegates from this county to the State convention will go uninstructed.

There is a strong free silver sentiment in this county, which may cut some figure in the county convention to select delegates to the Congressional convention, to be called at a later date. W. LaRue Thomas, of Maysville, is about the only candidate mentioned here in opposition to Hon. Sam Pugh. Notwithstanding the free silver element, it now looks like Mr. Thomas will get this county's instruction. Several outspoken free-silver men are for him and all the sound-money Democrats favor his nomination.

The party leaders figure that Mr. Thomas' popularity, coupled with the discord now apparent in the Republican ranks, will make him a sure winner should he receive the nomination.

River News.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

CINCINNATI TOBACCO MARKET.

Prices Have Remained Firm and the Recent Advance Has Been Sustained.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco market has remained firm the entire week. The advance gained the week previous has been sustained, and some have thought even a little additional improvement. The buyers are attending the sales closely and bidding with considerable animation, and the sellers are better satisfied and accepting more freely. The continued dry weather has been detrimental to pricing throughout the country, and has caused receipts to be very small, which is a decided benefit to the holders of the old stock, who should take advantage of the situation and be closing out while the demand is active.

There is a good demand for the colory low grades and the good tips for the French contract, as there will be something like 6,000 hogsheads taken from Cincinnati, and only a limited amount has been purchased so far.

Germantown.

T. M. Dora was in Cincinnati last week.
Mr. Doyle and wife, of Chattanooga, are guests of Mr. J. A. Walton.

A Mr. Dunn, of Augusta, has been during some plastering for Mrs. E. Norris.

The venerable Dr. A. H. Wall and wife spent Sunday before last with Dr. Dimmitt.

Mrs. Mary A. Pinnelly, an aged and respected citizen of the Salem neighborhood, is gradually declining.

John Norris, the youngest of three aged brothers who live at the old homestead, is very low and can live but a few days.

Fern Leaf and Minerva united with the young people from this place in a grand fishing and flitting expedition to the raging waters of the North Fork on Saturday.

That was a beautiful yet solemn spectacle, about a dozen young men and as many young ladies dressed in pure and symbolic white around the altar of the M. E. Church, South, Sunday before last to receive the sacred ordinance of baptism in the hands of the pastor, Rev. T. B. Cook. Two more of our bright and lovely girls were baptised and received into the same church on Wednesday evening after prayer meeting.

The two cemeteries at this place need a thorough cleaning, and we advise those who are interested to have them attended to, as the Epworth League and the Endeavor Societies propose having them decorated with flowers on 30th of May, attended with exercises appropriate to the day and occasion.

AROUND THE WORLD.

George Harved, the Boy Tramp, Strikes This City Saturday on a Long Journey.

George Harved, the "original boy tramp," struck Maysville Saturday afternoon on a trip around the world. He called at Klipp & Brown's harness store and had an ancient and dilapidated hand satchel repaired.

George is a Cincinnati boy, and is engaged in a tour of 65,000 miles against time for a wager of \$22,000, so he says. The chief features of his costume are an old yellow coat which he claims was worn by one of the Mafia assassins of Dave Hennessy, Chief of Police of New Orleans; and a brown corduroy vest given him, he claims, by Governor Levi P. Morton.

Harved has crossed the ocean a number of times, seeming to have a mania for travel.

He carries no baggage except his hand satchel, which contains a lot of curious relics. Among these curios is a piece of the rope used to hang Guiteau; a nail that officiated in the burning at the stake of a negro near Texarkana, Tex.; a thumb said to have belonged to Mrs. Duestrow, who was murdered by her husband, a St. Louis millionaire; a gold toothpick presented him, he says, by Queen Victoria, and a hundred other trifles.

He left here for Huntington, W. Va., where he expected to deliver a "lecture." From there he expects to go to Old Point and sail for Europe.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

F. DEVINE, agent, has sold for Miss Clara Russell a house on Sutton street to M. P. Redmond, for \$1,100.

MR. GRAHAM LEE captured a ground hog out on the Fleming pike this morning as he was coming to town.

The venerable Dr. S. M. Cartmell, after an illness of several months is able to get out, and is receiving cordial greetings from his many friends.

The many friends of Mrs. J. Foster Barbour, who has been quite ill for several days, will be pleased to learn that she was better this morning.

REV. I. P. TROTTER has the thanks of the BULLETIN for copies of the Chattanooga Times containing accounts of the meeting of the Southern Baptist Association.

MISS ANNA KING, who has been ill so long, was able to get down stairs Saturday for the first time in many months. Her many friends will be glad to learn of her improvement.

THE C. and O. had a big excursion to Oligo-munk Saturday. On the return trip the train stopped at the coal station near the fair ground, and one of the excursionists, a boy, got left when the trip was resumed. His parents were notified and he was sent down Sunday morning.

THE game of ball at the park Saturday resulted in a score of 19 to 6 in favor of the nine numbering several members of last year's team. The boys would soon be in fine condition if a team were organized. The game developed the fact that there are several other promising players,—among them Wormald, Bierbower, Wood and Daly.

A Great Opportunity.

Negotiations are in progress between Japan and Russia, looking to joint action in Corea. The chief points under discussion are the return of the king to the palace from the Russian embassy, Japan to have the disposal of the troops about the palace, and the placing of the Corea telegraph system in the hands of the Japanese.

In spite of the fact that many new cycling clubs have been organized, and that Hyde park is thronged with cyclists, there are signs that the so-called "wheeling craze" is on the wane among the leaders of fashion. Several of the latter who were the first to take to "biking" are now always to be seen in the park on horseback.

The textile mill of Samuel Riddle's sons at Glenriddle, Pa., was destroyed by fire Saturday. The loss is \$130,000; insurance \$105,000. The departments destroyed were the weaver looms, two small mule rooms, the card and picker rooms, boiler and dye houses and cloth room. Four hundred hands are thrown out of employment.

COLONEL B. L. COOK, of Nicholasville, has authorized the announcement of his candidacy for delegate from the Eight (Kentucky) district to the Chicago National convention. "Bush" is a brother of Mr. Ed. Cook, and resided in Maysville a few years ago.

PROFESSOR F. S. ALLEY, of Ripley, has been elected Principal of the Dayton (Ky.) schools, to succeed Professor R. M. Mitchell who preached here Sunday. The election occurred Friday night, and the meeting of the School Board came near breaking up in a row.

PROF. JAMES B. JONES, whose election to the Chancellorship of Kentucky University was published two or three weeks ago, has declined the position. Professor Jones was offered and has accepted the presidency of the Orphan School of the Christian Church at Fulton, Missouri, and will take charge of the college in September.

AARON FICKEL was indicted at Catlettsburg Saturday for murdering ex-Mayor G. M. Witten. Fickel is a railroad engineer, but had been discharged. He and Witten quarreled in a saloon on the night the latter disappeared, and detectives claim he followed the ex-Mayor to an alley near the river and killed him. Fickel left and is thought to be out in the Indian Territory at present.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
